

BOATHOUSE PAVILION MAJOR GIFT INITIATIVE

The Boathouse Pavilion project is the first major initiative in the Dunning Lake Master Plan. It was designed to provide space for everyone who loves to picnic, recreate, and spend time with family and friends. This facility was made possible by hundreds of individuals and organizations that believe spending quality time together in the outdoors with people you care about is important. The Boathouse Pavilion strengthens our mission of providing recreational and educational activities for the enjoyment and growth of families and individuals of all ages. This building was officially dedicated on Saturday, June 3, 2017. Winding Trails would like to thank the following people for their generous financial support.
