

Staff and Camper Screening each morning:

All staff and children are required to be screened for any observable illness, including cough or respiratory distress, and to confirm temperature below 100 degrees Fahrenheit. Screening includes assessing health by taking temperature.

Staff or campers who have a temperature greater than 100 degrees are not permitted into the program per Executive Order 7Q.

- Have you had a fever of 100 or above in the last 14 days?
- Have you recently experienced coughing or shortness of breath?
- Have you recently experienced loss of taste or smell?
- Have you been out of the state or country in the last 14 days?
- Have you been around anyone who has been sick in the last 14 days?

Prevention and Hygiene

Use of cloth face covering for each employee at all times while in the workplace as directed by the Department of Economic Development Safe Workplace Rules for Essential Employees per Executive Order 7BB. Instructions for use of cloth face covering are available from the CDC. Executive Order 7BB does not require the use of face masks by:

- anyone for whom doing so would be contrary to his or her health or safety because of a medical condition.
- a child in a childcare setting.
- anyone under the age of 2 years, or an older child if the parent, guardian, or person responsible for the child is unable to place the mask safely on the child's face.

Hand Hygiene:

Reinforce to staff and children, regular hand washing with soap and water for at least 20 seconds should be done:

- Before coming in contact with any child.
- Before and after eating.
- After sneezing, coughing or nose blowing.
- After using the rest room.
- Before handling food.
- After touching or cleaning surfaces that may be contaminated.
- After using any shared equipment

If soap and water are not available, use an alcohol-based hand sanitizer. Use of alcohol-based hand sanitizers should always be supervised by adults.

Implement respiratory hygiene:

- All staff: cover coughs and sneezes with tissues or the corner of the elbow.
- Encourage children, when appropriate to cover coughs and sneezes with tissues or the corner of the elbow; and

- Dispose of soiled tissues immediately after use.

Cleaning Procedures

Cleaning of equipment will happen after each activity period prior to another group entering the activity area.

All tables in each camp unit will be cleaned prior to the start of the camp day and at the end of the camp day.

Camp Office and Nurses station will be cleaned at the end of the camp day.

Access to the camp office will be limited and the use of a service window will be in use for interactions to limit surface contacts in the office.
